EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Eric W. Petraske on 8 AUG 2005.

The application has been amended as follows:

Claim 1, line 9: --in contact with said reference surface and said prism-- has been inserted between "means" and "for".

Claim 14 has been canceled.

Claim 15, line 1: "14" has been changed to --13--.

Claim 17, line 1: "14" has been changed to --13--.

Art Unit: 2859

2. The following is an examiner's statement of reasons for allowance:

The prior art of record does not disclose or suggest the invention as claimed. The independent claim of the instant invention requires a specific means for adjusting a prism tilt angle in combination with further elements of a level. The combination is neither suggested nor disclosed by the art of record.

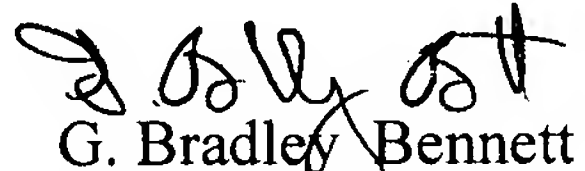

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to G. Bradley Bennett whose telephone number is 571.272.2237. The examiner can normally be reached on M-TH 8:30-5:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Diego F.F. Gutierrez can be reached on 571.272.2245. The fax phone number for the organization where this application or proceeding is assigned is 571.273.8300.
